About me

I am Miloš, a Senior Full Stack and Mobile Developer with close to a decade of experience across web and apps. I learned by doing, starting with simple client work and growing into someone who can own architecture, implementation and iteration end to end. I moved to Iceland, got engaged and plan to build my life here, while finishing my Computer Science degree. I care about UX, performance and thoughtful engineering, and I enjoy owning features from idea to production.

Education

Reykjavik University — Computer Science (CS)   📅 2023 - present
Gymnasium High School Zajecar — Information Technologies   📅 2012 - 2016

Experience

Heima Software ehf. — Senior Full Stack / Mobile Developer   📅 2025 - present

React Native · TypeScript · React · Next.js · tRPC · Prisma

Work on full stack development of Heima's mobile app, shaping architecture, building features in React Native and tRPC / Prisma, and focusing on performance, reliability and UX.

Sidekick Health ehf. — Senior Web Developer   📅 2022 - 2025

React · TypeScript · GraphQL · Cypress · TailwindCSS · SQL · Java

Built and evolved patient facing React apps in a cross functional team, translating clinical needs into clean interfaces, improving accessibility, performance and code quality.

Morph Networks d.o.o — Senior Full Stack Developer   📅 2019 - 2022

React · Vue.js · TypeScript · Laravel · PHP · Shopify · WordPress · NativeScript · SQL

Maintained a large Laravel and Vue progressive web app and created a companion NativeScript mobile app, aligning features, fixing bugs and shipping improvements for everyday users.

Jungo Digital Solutions — Front End Developer   📅 2018 - 2019

WordPress · React · Laravel · PHP · SQL · UI/UX

AS Media Agency — CEO & CTO   📅 2015 - 2022
